

FULLY AUTOMATIC PEEL & SEAL E-COMMERCE BAG MAKING MACHINE

PM 2000

e COMMERCE

Paper Bags & Envelope Machine

HIGHLIGHTS

250 Bags Per Minute Speed

Automatic with Ultrasonic Sensor

Automatic Close Loop with Load cell

Full Servo Driven Control System

Hot Melt with Release Tape

100% Made In India

FULLY AUTOMATIC PEEL & SEAL E-COMMERCE BAG MAKING MACHINE

PM 2000

This special machine produces e-commerce peel and seal paper bags. With latest cold glue technology, high production and low operating expense are assured. With these advantages, market competitiveness can be easily achieved. With hot melt system, release tape are also fixed in the machine. Online printing makes machine universal and and complete bag with printing can be made in a single pass.

PARAMETER	SPECIFICATIONS
Cut Off Length (rotary)	270mm - 800mm
Cutter Height	625mm
Bottom Gusset	0-150mm
Print Station	1 Colour
Type of glue for bag side sealing	Cold glue
Cutting Type	Straight or serrated
Speed	250 bags/min
Web Guide	Automatic with ultrasonic sensor
Max. Roll Weight	800 kgs
Tension Control	Automatic close loop with load cell
Control System	Full servo driven
Peel & Seal Mechanism	Hot Melt with Release Tape
Power	30 KW
